Company Overview

Zhejiang Jiashan Glass Fiber Weaving Factory are located in Dayun town, Jiashan county, which is the first main stop connecting Zhejiang Province with Pudong Area in Shanghai. It enjoys the prime location in Shanghai Economic and Technology Development Zone. Right at the first exit of shanghai-hangzhou-Ningbo Highway in Jixing(Dayun Exit), it is also convenient in transportation with the 320 national highway, the Grand canal and shanghai-hangzhou Railway crossing the town.

The enterprise was established in September 1979. Currently there are 360 employees, including 50 senior engineers and technicians. It covers a land of 66000 square meters with architectural area of 30000 square metres. The annual output value reaches up to RMB180 million.

The main products include fiberglass Woven Roving, Glass Fiber Chopped Strand Mat, Stich Chopped Strand Mat, Stich Combo Mat, Woven Roving Combo Mat. Certified by ISO9001, China Classification society and England Lloyd's Register of Shipping. We have imported dornier rapier weaving machine from Germany which can produce 0.1~3.8 m wide a series of woven roving. The products are of high quality up to and even exceeding the national industry standard. The output and the exportation volume of woven roving are both ranked top one in China. With sound reputation at home and abroad, it is a designated enterprise for fiberglass exportation.

A photograph of a modern architectural landscape at dusk. The scene features a wide, paved stone path leading towards a building with a mix of wood and stone accents. The building has large windows and a prominent vertical stone wall. The sky is a soft, twilight blue, and the interior lights of the building are visible through the windows. A large, leafy tree stands to the right of the path. The overall atmosphere is serene and contemporary.
